

Douglas 'Duffy' MacKay, N.D., is Senior Vice President, Scientific & Regulatory Affairs for CV Sciences, Inc., makers of PlusCBD™ where he is responsible for scientific innovation and regulatory compliance. Dr. MacKay came to CV Sciences after a 10-year career with the Council for Responsible Nutrition in Washington, D.C., where he served as a Senior VP, ensuring that the association's scientific, policy and legislative positions were based on credible scientific rationale. Dr. MacKay is a member of the CRN Board of Directors, American Botanical Council (ABC) Advisory Board, and FDLI Cannabis-Derived Products Committee. In addition, he volunteers on several scientific journal editorial boards.
