

COME CELEBRATE WITH US OUR “NEW AND IMPROVED.”

New address, new labs, and new tech. More space, more capabilities, and more fun—we can't wait to show you around.

WHAT: A party of course. Open House for our new building

WHEN: October 25th, from 11:30am to 5:30pm.

WHERE: 1945 S. Fremont Drive, SLC. UT 84104

DETAILS: Come for the tours, food, drink, stories, and experiences. Make your very own custom flavor and get a “behind the scenes” tour of cutting edge nutritional testing and flavor laboratories.

RSVP: Let us know if you can make it: info@dyadlabs.com.

About Dyad Labs

At Dyad Labs, we believe in partnerships. Since our beginning in 2008, we have learned that we do our best work when we are working hand-in-hand with our customers. When our goals and objectives are aligned and when we are solving problems together; that is where we deliver faster turn-around times, innovative testing methods, and customized solutions that meet our partners' needs.

Today, Dyad is a completely independent ISO/IEC 17025:2005 accredited contract laboratory based in Salt Lake City, Utah that provides specialized chemistry and microbiology testing services to the Nutraceutical, Food and Beverage industries. Our new Utah facility (opening in September of 2018) contains seven separate lab areas with over 30,000 sq. feet of dedicated laboratory space. Dyad serves many of the leading sports nutrition, direct selling, and food companies in the country and around the world.

Together, we are Dyad.
