Dear Mr. Israelsen,

I wish to express my gratitude for your recent gift basket of vitamins and natural products, among other various items. What a wonderful and thoughtful gift. I appreciate your thoughtfulness in also sending me a synopsis of your event last month in Deer Valley.

I always enjoy receiving items that have a connection to Utah's economy. I am proud of the independent work ethic of our many residents, and appreciate items that have been created from such hard work and dedication. I commend the United Natural Products Alliance (UNPA) in their significant efforts to engage in the growing economy found within Utah's borders. Utah's economy is able to claim its many successes and accolades because of businesses like UNPA.

Again, thank you for your generous gift. May you continue to succeed in your present and future endeavors.

Sincerely,

Dear Loren,

It is my pleasure to thank you and Nature's Way Products for sponsoring the Association of Southeast Asian Nations (ASEAN) Business Conference. Your generous support enabled Utah companies to create and strengthen economic and social ties with this rapidly growing part of the world.

Your sponsorship helped Utah businesses gain a better understanding of the ASEAN markets and the enormous opportunities they present. The resulting trade partnerships will undoubtedly bring significant economic and educational benefit to our State. I appreciate your continuing leadership in Utah's natural products industry and your commitment to help Utah thrive.

Again, thank you for your willingness to assist in the successful nature of the conference.

Sincerely,

Dear Loren:

I wanted to take this opportunity to thank you for the great leadership that the Utah Natural Products Alliance (UNPA) and you have shown over the years.

As you know, I take a tremendous interest in the dietary supplement industry. I can attest to the fact that you do a tremendous job representing not only most of our great Utah supplement companies, but those nationally as well. In fact, UNPA's tremendous growth is a testament to your excellent work. From your pioneering efforts to get the Dietary Supplement Health and Education Act passed to your more recent efforts to expand research and speed development of analytical methods, UNPA has long been on the forefront of expanding markets, promoting sensible regulation and demanding quality.

I can always count on you for accurate, up-to-date information. That is a relationship I value. In short, I am proud to call UNPA and you friends and partners and I look forward to continuing to work with you toward our shared goal of keeping Americans healthy.

Sincerely,

Orrin Hatch
